## How can I use my license to host movie fundraisers?

Bringing families together with movie events is one of the most popular ways movies are shown in schools. By following these few simple guidelines below, you can stay in compliance while raising funds for your school.

1. We advise using the term "suggested donations" when advertising your movie event. You can only charge "admission" up to the cost of the license, but you can raise unlimited funds through donations, raffles, concessions, etc.
2. Advertise your movie event with our free printable materials. Use your customer number to log-in at: <http://k12.movlic.com/promotional> and print posters, tickets, bookmarks and more!
3. Promote! Get the word out and encourage involvement with a movie event, parent's night out or other theme ideas.
  - When advertising in a public forum such as newspapers, radio stations or public social media, you are not permitted to use the movie title or studio name. Example: "Join us at ABC Elementary for a Family Movie Event at 7pm! Call for details."
  - When advertising within the school, mail/email directly to school families, or on a private social media outlet, you are allowed to use the title, images from our promotional materials, or studio name.
